Workshop & Field Trip Information (FAQ)

Q) When should I register my child?

A) Please register as early as possible. We process enrollment on a first-come, first-served basis.

Q) How many activities can my child sign up for?

A) One workshop or two field trips per student per holiday program.

Q) What about open offers?

A) They require no registration. Open offers can only take place with a minimum of 6 students.

Q) What if there are additional costs during the trip or workshop?

A) We request that you submit the payment to a CCEP teacher or give it to your child. The school does not take responsibility for covering extra costs and transportation tickets and this could result in the child not being able to participate. As this is disappointing both for them and their peers, we ask for your understanding and support in this matter.

Q) What should my child bring along?

A) A backpack, clothes for rainy or cold weather when appropriate, sunscreen, a hat and of course, food and a filled water bottle!

Q) What if they are unable to attend?

A) Once you sign up for either a workshop or field trip, attendance is mandatory. However, in the event that the child is sick or cannot attend due to unavoidable circumstances, we request you inform reception via email or telephone as soon as possible so other students can participate.

WORKSHOP IN BERLINISCHE GALERIE

All grades

Participants: 15

Date & Time: July 16-18, 2018 | 9:30am - 2:30pm

Teacher: Zara Morris

The point of departure for this three-day photography workshop is the exhibition Greed Fear Love at the Berlinische Galerie by the artist Loredana Nemes. Nemes was born in Rumania and moved to Germany when she was 14, and perhaps this is why she is so interested in people and everyday life. Her photos reveal - or do not reveal - information about the identities or personalities of those who pose for her camera. She does this by using or adapting the settings for her photoshoots, or by asking her sitters to make small changes to their appearances. Inspired by Nemes' own self-portraits, students will discover that by using different filters and collage techniques, or by making just small changes to setting or outfits, they can also create a series of portraits that are not only humorous, but also unexpected and meaningful.
