by foot from BMS)

## Telephone

Availability from 8:30am - 6:00pm  
+49 173 341 324 92  
+49 172 328 199 5

Dear BMS Community,

With the arrival of a much-awaited Berlin summer, we are excited to announce our BMS Summer Vacation Program for 2017 will be held at the German-Portuguese Europaschule Offenes Tor (Open Door). When designing this program, our main focus has always been to ensure an optimal environment and varied opportunities for our students to engage in free-play and offer varied learning opportunities whether in the form of field trips, workshops, games etc. alongside being able to socialize and enjoy their summer.

This year our school enters its final phase of construction. The renovation of our cafeteria, and school yard during the summer break would have led to some limitations and restricted movement around campus. Therefore, we chose to collaborate with the Europaschule Offenes Tor - Not far from BMS, this school has given us complete access to it's facilities which includes their school yard with climbing frame, basketball court, table tennis courts, sports hall, classrooms, sandbox, garden, cafeteria and much more. As the program itself is still administered by the CCEP team at BMS, you will see all the familiar faces you see every day working with your children.

To ensure optimal organization and safety, it is mandatory to register under following link for the participation and to sign up for the appropriate periods:  
<http://www.signupgenius.com/go/20f0c4eacac2fa1f49-summer>

Our Summer Vacation Program Offers for selection will be send with another email. We look forward to welcoming you there!

Regards,  
Martin Ecker  
Director CCEP, Co-Curricula Educational Program
